KOPPELBARE SYSTEMLICHTERKETTEN

Wir bieten Ihnen eines der breitesten Sortimente für koppelbare Lichterketten. Da sich alle Artikel eines Systems miteinander verknüpfen lassen, können Sie einzelne Komponenten des Lichterkettensystems mit beliebigen weiteren kombinieren. Wenn Sie sich für ein Produkt von uns entscheiden, erhalten Sie erstklassige Qualität. Alle Produkte sind von Intertek Semko getestet und mit dem angesehenen S-Zeichen aus gezeichnet worden. Dies trifft auch auf alle Niedervolt-Systeme zu. Im Lieferumfang ist umfangreiches Informationsmaterial mit wichtigen

Sicherheitshinweisen und Anwendungsbeispielen enthalten. Wir bieten Ihnen, je nach Gebrauch oder Verwendungszweck, vier verschiedene Systeme. Jedes System hat eine klare Identität und Zielgruppe. Die Verpackungen sind ideal für ein ganzjähriges Display. Individuell bestückbare Displays und Verkaufsmaterialien sind natürlich für alle Systeme erhältlich. Dadurch können Sie mehrere Systemdisplays in Ihrem Geschäft aufstellen.

System Decor ist unser Basissystem. Es ist benutzerfreundlich und auch für Innen angemessen. Die dünnen Kabel sind einfach zu verstecken und die Helligkeit kann mit dem systemintegrierten Dimmer geregelt werden. Der Benutzer muss nur an die Gesamtanzahl der Brennstellen denken. Durch ein gezielt begrenztes Sortiment ist es den Geschäften möglich, das volle Spektrum ohne großen Aufwand anzubieten. Wählen Sie System Decor für eine dezente, elegante Dekoration.

System LED ist ein erstklassiges System für eine lang anhaltende Beleuchtung. Die Lebensdauer beträgt ca. 50.000 Stunden und besticht durch einen auffällig hellen Farbton. Die Produktpalette beinhaltet große Produkte in verschiedenen Farben. Dies macht System LED für jeden interessant, der Aufmerksamkeit erregen möchte. Es ist trotzdem genau so benutzerfreundlich wie alle unsere Systeme.

System 24 ist für Kunden die mehr aus Ihrem Garten oder Balkon machen möchten. Das Stem-Kabel erlaubt Ihnen eine höhere Flexibilität bei der Dekoration. Die Gummikabel zusammen mit der Kombination von Niedervolt- und LED-Technik machen das System sicher, robust und sehr energieeffizient. Mit der größten Auswahl von Produkten und Zubehör ist System 24 ein komplettes Beleuchtungssystem für Garten, Party und Weihnachten.

System Expo zielt, mit seiner Einfachheit, auf die breiteste Kundengruppe.
